PROGRESSIVE LEAGUE HAD LIVELY MEETING.

Good Talks by County Judge A. G. Board and Mr. C. E. Jenkins—Fire Protection and Road Improvement Taken Up Actively.

Bryan, Texas May 21, 1908.—The Bryan Progressive League held a regular meeting at K. of P. hall yesterday afternoon at 4 o'clock with nineteen members present.

Minutes of the preceding meeting were read and approved.

The chair announced the appointment of the membership of standing committees.

The membership committee reported fifty-eight members enrolled and stated that others would be added at once and the lists turned over to the secretary and treasurer.

The collection of dues will be made for June on the first of that month. No collection of dues will be made for the month of May.

By invitation Judge A. G. Board addressed the league on the subject of roads and bridges and Mr. C. E. Jenkins on fire protection. Both gentlemen gave valuable data on these subjects, and aroused the active interest of all present to the necessity for immediate action along both these lines. A. M. Waldrop, Mayor J. T. Maloney, Prof. J. H. Allen and G. S.

Parker spoke on these subjects.

On a prevailing motion by A. M. Waldrop the Public Improvements committee was instructed to meet with the fire department and discuss the needs for fire protection as outlined by Mr. Jenkins, and to go before the city council with a committee from the fire department and take the matter up with the council to the end that suitable action be had.

On motion of Prof. J. H. Allen the Public Improvements committee was authorized to select honorary members of this committee from each community in the county to report to the chairman of the committee upon the condition of the roads and bridges in their respective neighborhoods in order that repairs may be promptly made by the co-operation of the league with the county authorities. Members of the League knowing suitable persons for such honorary membership are requested to report the names to the Public Improvements committee. This committee was also authorized to give attention to repairs on the approach to the Jones bridge on the west side, which is in Burleson county and not under the jurisdiction of the Brazos county authorities. The condition of this approach was reported by Mr. Parker.

J. Webb Howell reported upon the recent potato shipment by Brazos

ROMANTIC WEDDING.

Lady Journeyed from New York and Married Gentleman from Kurten Community Here Yesterday.

Judge A. G. Board officiated at a romantic wedding at the courthouse in this city, the contracting parties who met here by previous arrangement, being Mr. B. Cajka, who lives on Mr. R. J. Swancoat's place in the Cedar Creek neighborhood, and Mrs. Rosa Novak of New York City, who arrived yesterday afternoon on the 3:40 H. & T. C. train, accompanied by her little daughter. The couple met in Vienna before coming to the United States, and renewed their acquaintance after coming to the United States, with the result that they were happily married yesterday afternoon when the bride reached the end of her journey from the east.

county farmers and urged the importance of encouraging in every way possible these efforts to secure profitable diversification. Mr. Howell was active in assisting the farmers in marketing the shipments made. Others took part in the discussion and the sentiment seemed to prevail that the league assist in the effort to secure buyers so that truck crops may be marketed at a profitable figure.

At the suggestion of Mayor Maloney, who was on the program for a talk on the water problem, this subject was deferred until the next meeting for the reason that the discussion of the other topics had consumed the time.

Adjourned.
Tyler Haswell, President.
Malcolm Carnes, Secretary.

In his talk on roads and bridges Judge Board gave an outline of the general business conditions that confront the people of Bryan at the present time, together with data showing taxable values, population, etc. He showed that the population of the county is about twenty thousand, the taxable values about five million, the number of tax payers 3085, and the county revenue \$41,000.00 a year. He also gave figures to show how this is divided up between the railroads and other corporations, the city and the county. He showed how the county is entirely bounded by rivers except on the north, and that the bridge building which has been done has been a matter of economic necessity. The three Brazos bridges will be sufficient on that side, and with the necessary bridging on the east kept in repair, it will be the best policy hereafter to confine the work of the county road force, which is now co-operating with the city force, to internal improvements and the force is now available to meet emergencies on short notice in any part of the county in co-operation with the people of the county and with the league. Judge Board noted the generally favorable condition of the roads which has been brought about by continuous effort.

Mr. Jenkins reviewed the needs of the fire department to meet the insurance requirements of a second class city; recommended the rebuilding of the steamer; the reopening of the large underground cistern under Main street between the First National bank and Haswell's; the putting in of new and up-to-date fire hydrants of uniform style, those in use by the city and at the compress and oil mill now being three different kinds; the purchase of 1000 feet of new hose; the cleaning out and permanent correction of dead ends in the water mains, and the organization of another fire company of thirty members. He reported the membership of the present company as twenty-six. These are the principal suggestions offered and will in whole or in part be the basis of the matter as it will be presented to the council.

PUBLIC IMPROVEMENT COMMITTEE CALL.

Members of the Bryan Progressive League committee on Public Improvements are required to meet at the office of the City National bank this morning at 9:30 o'clock sharp to consider matters for better fire protection and emergency road improvement. The members of the committee are W. E. Saunders, A. W. Buchanan, Judge A. G. Board, W. R. Sanders, J. A. Myers.

G. S. Parker, Chm.

Guy M. Bryan returned to Houston yesterday.

W. J. McDonald of Macy was in the city yesterday.

He who builds a substantial side-
walk in front of his home with his
name inscribed on it thereby does
more to perpetuate his memory than
a hundred monuments would do.

The Progressive League has a set
of live committemen, and the Eagle be-
lieves they can be depended upon to
discharge the several responsible du-
ties that fall to their lot.

President Roosevelt and others are
alarmed about the destruction of the
forests and some scientists say the
end of the coal supply is in sight. What
will the next generation do for fuel?

The present congress has broken all
records as a money spender. The ap-
propriations of the first session run
considerably over a billion. And ex-
cept a few public buildings the country
will have nothing to show for it.

The efforts of the allied interests
headed by Oil Magnate Guffey defeat-
ed Bryan's friends in Pennsylvania,
but the stubborn fight against his nom-
ination shows they are afraid he would
be elected.

The Brazos river is being good again,
after threatening a serious overflow.
Dallas expects forty thousand Elks
to attend the national meeting in July.
A large delegation of the Bryan Lodge
will attend, going in a special car.

As a result of the National Prosper-
ity Association's efforts, several thou-
sand idle workmen have secured jobs,
to begin June 1. The association was
organized in Saint Louis week before
last.

Women can do some things better
than men, other things quite as well,
yet there are still some things men
do easily that women cannot do; for
instance, the attempt to employ them
as motor drivers in Berlin has failed.

Really the people of the United
States are under obligations to the
promoters of the Johnson boom for in-
jecting something to liven up the cam-
paign. It has contributed to the gay-
ety of the nation and hasn't hurt Bryan
nor the Democratic party.

It could never get the Republican
majority without the 212 votes from
Ohio, nearly every one of which
were secured in the convention by a
majority of office-holders. Yet every now
and then the president issues a bull
against activity by federal office-hold-
ers. If Roosevelt were consistent there
would soon be 212 ex-federal office-
holders hunting for jobs.

When a woman of Helen Rowland's
reputation deliberately says: "Even
my reputation would not keep him
out of good society if he wore a dress
suit and had his hoofs properly man-
aged," it is time to protest against
the misuse of the word "good." Miss
Rowland ought to amend the state-
ment by striking it out. But doubtless
she would say that she used it in a
conventional sense.

GOLF NOTICE.
Notice is hereby given that no one

Bryan Golf Club except members in
good standing or visitors invited by
members in good standing. Others
may play away from the links.

T. K. Lawrence, Vice-pres.

FER

OF GEORGIA.

and "let
the people
of republican faith. The creed
stood for something. Men believed
in it. Prosperity justified plutocracy.
Who could hope to successfully com-
bat that double-headed iniquity, high
tariff and corporationism, when the g.
o. p. could point with pride to easy
money in the pockets of the voters, to
balances in the bank, a pleasant past,
a delightful present, and a rose-colored
future?

But Time and Change are no respec-
ters of persons or of parties. Repub-
lican prosperity has gone the way of
the snows of yesteryear. We had a
panic. With Roosevelt, the Righteous,
in the White House; a republican sen-
ate; a republican house, and ten years
of uninterrupted republican rule to
give the county peace and plenty, sta-
bility and security, we had a very bad
panic. And when it came upon us in
all its black desolation is blotted out
the old idea of republicanism and ruin.

Therefore we have in congress, in-
stead of the former militant "stand
pat" and "let well enough alone," the
new hesitant, do-nothing policy. They
are afraid to do anything, these uncer-
tain leaders of a divided party. The
party is divided because it has lost its
old faith and can not find a new one.
The president, who is an impulsive
man, recommends, but congress does
not follow him. Roosevelt is the old
leader of the party. The new leader
has not been chosen, and the old party
has as yet been unable to rejuvenate
itself with a new issue. The wise lead-
ers are waiting and watching, like Mr.
Micawber, for "something to turn up."

High prices of food, high prices of
clothes, of building materials—high
prices of everything—have caused the
people to grow impatient.

The tariff and the trusts have made,
as they were designed to make, their
beneficiaries multi-millionaires, and
the people have just begun to wake up
to the fact that too many politicians
are not servants of the public, but
have sold themselves into slavery to the
princess of the plunderbund.—
Houston Chronicle.

PREDICTS DIRE CALAMITY.

Danville, Ill., May 21.—There will be
a darkness of the sun and a quaking
of the earth tomorrow, that is if the
prediction of Abner F. Markwell, the
"prophet" of the Soldier's Home here,
is fulfilled. Several of Mr. Markwell's
prophecies are said to have come true
and he enjoys a great reputation
among his comrades at the home. While
tornadoes and earthquakes figure
largely in his prophecies, all of his
predictions are not of such a direful
nature. Among other things he says
the country will be spared the calamity
of a presidential election this year.
Just how the country is going to get
around choosing a successor to Mr.
Roosevelt as the occupant of the
White House, Mr. Markwell does not
state, but he declares that such things
as presidential elections, financial leg-
islation and warfare against the trusts
will be altogether unnecessary when
the "New Jerusalem" reigns supreme.
The New Jerusalem is to take the
place of all the existing Christian
churches and, according to Prophet
Markwell, it will make its advent to-
morrow with the darkness of the sun
and the quaking of the earth.

SUNSHINE SOCIETY CONVENTION.

Houston, Texas, May 21.—The tenth
annual convention of the International
Sunshine Society and the first conven-
tion ever held by that organization
outside of the state of New York con-
vened in this city today. President
General Cynthia Westover Aldea of
New York presided over the opening
session. The exchange of greeting
was followed by the roll call, commit-
tee appointments and the work of for-
mal organization.

At the succeeding sessions of the
remainder of the week, reports will
be received of the work the Sunshine
society is doing in all parts of Amer-
ica and elsewhere. The business ses-
sions will be interspersed with social
entertainment. Tomorrow will be de-
voted largely to pleasure, a trip to the
San Jacinto battlefield has been ar-
ranged. Sunday the delegates will go
to Galveston.

SOUTHERN PRESBYTERIAN AS- SEMBLY.

Greensboro, N. C., May 20.—Every-
thing is in readiness for the meeting
of the forty-eighth General Assembly
of the Southern Presbyterians, known
officially as the Presbyterian church in
the United States, which will be cal-
led to order here tomorrow morning.
This year the opening sermon will be
preached by the retiring moderator,
Ray James R. Howerton, D. D., of
Montreat, N. C.

The assembly is the governing body
of the Presbyterian church in the
South. Its work is managed by a
rough executive committee
elected each year.

WEBB BROS.

REFUSAL COSTLY.

Put Lives of a Great Many Persons in
Danger at New York.

New York, May 20.—The refusal of
a wealthy Italian physician to comply
with the demands of the Black Hand
criminals for money resulted in the
lives of 100 persons being placed in
danger Wednesday, when a bomb ex-
ploded in a tenement on East Eleventh
street. Four persons were injured and
other occupants of the house rushed
into the street panic-stricken, while
doors and beams, which had been
twisted out by the explosion, tumbled
all around them. The lower part of
the house was almost completely
wrecked. None of the injured are
dangerously hurt with the exception
of Tony Lambardo, who is internally
hurt. The bomb had been placed in
the rear hall under a stairs which led
to the upper floors.

About Completed.

Denver, May 20.—Preparations for
the national Democratic convention
have been practically completed. Work
on the new auditorium has been hur-
ried until nothing remains to be done
except to place seats in position and
allot space to various delegations. As
an indication of what the attendance
will be, the usual demand for
seats at the convention. Those in
charge of the convention say requests
for seats are easily twice as numerous
as at any other convention. The seat-
ing capacity provided is 14,000.

Car Hits Buggy, Results Terrible.

Ironton, O., May 20.—Colonel Evan
T. Williams, one of the most prom-
inent attorneys of southern Ohio, was
killed, and his friend, Joseph Cloran,
probably fatally injured when a buggy
they were in was struck by a street
car.

Call For Condition.

Washington, May 20.—Comptroller
of the currency has called for con-
ditions of national banks at close of
business May 14.

Due to Heart Failure.

Queensdown, May 20.—The officials
of the Cunard Steamship company say
that the death of Brigadier General
Charles A. Whittier, retired, which
occurred on board the steamship
Mauretania during the voyage from
New York, was due to heart failure.
Some of the passengers who landed
here assert that General Whittier was
stricken while taking a bath and that
he accidentally turned on the hot water
and was scalded. This has not been
confirmed.

Five of Engines Photographed.

Elkhart, Ind., May 20.—One mile of
idle railroad engines was photograph-
ed in the yards of the New York Cen-
tral lines here, by orders of the com-
pany. The locomotives numbered 120
and represented a cost of nearly \$1,
000,000. It is understood that the com-
pany proposes to exhibit the photo-
graphs in connection with the argu-
ment before the interstate commerce
commission and in the conference with
the Merchants' association and other
organizations that are making contests
for reduced rates.

WILSON & DERDEN

THE STORE AHEAD

Handicap Feature Will Begin Monday.

Mr. O. E. Saunders requests the Eagle to announce that beginning Monday and continuing through the week, another golf tournament will be held on the links east of the city, and the handicap feature will be introduced, allowing proportionate advantage to less experienced players. Some suitable prizes have been provided. The last tournament of which the finals are now being played, was the source of so much pleasure and progress in the popular game, that the new tournament has been arranged at once.

The players have been paired for the preliminaries as follows, handicap being indicated:

Massingill even, S. M. Hunter, 15 handicap.

J. D. Willis even, Jno. S. Cavitt 6 handicap.

W. J. Moyes, 9 handicap, Fred Cavitt 15 handicap.

T. K. Lawrence 19, Emma tCole 18. A. M. Waldrop 15, Dr. W. H. Lawrence 15.

O. E. Saunders even H. W. South 15. Tyler Haswell 27, Robt. W. Howell 18.

R. O. Allen 18, Ed Hall 18. Lamar Batea 27, F. M. Law, 18.

First eight winners will receive one golf ball each.

First four winners will receive two golf balls each.

First two winners will receive two golf balls.

Winner of finals will receive golf bag.

COL. NORTON MOSES ILL.

Friends of Capt. Andrew Moses of College sympathize with him as a result of the sad news of the dangerous illness of his father, Col. Norton Moses of Burnet county. Col. Moses, accompanied by another son, was on his way to visit relatives in South Dakota, and sustained a stroke of paralysis on the train and was taken off for treatment at Chadron, Nebraska. Col. Moses was formerly a member of the Texas legislature and is one of the best known Masons in the state. He is not expected to live.

COTTON BLOOM.

Mr. J. C. Bennett brought to the Eagle yesterday a full grown cotton bloom. It was from the farm of Henry Berger, 2 1-2 miles southeast of Bryan and is from an 8-acre field planted early in March by Frank Evans, a negro tenant on the farm, who brought it to town to show to Mr. W. R. Sanders. He said the cotton all over the field is knee high and growing rapidly.

WE HAVE THE BEST.

Cakes, Etc.,

With Pilgrims
to a Shrine in Belgium
and Many Souls Hurled to Eternity,
While Wounded Are Numerous.

Antwerp, May 21.—The worst rail-
road catastrophe ever happening in
Belgium took place near Contich, six
miles southeast of Antwerp. The Ant-
werp express, running fifty miles an
hour, ran on a switch, crashing into
a train loaded with pilgrims. Every
car of the pilgrim train except the
foremost one was telescoped. The
cars were literally ground to pieces, a
practically all of the passengers were
either killed or badly injured.

About fifty dead were soon removed
and over 100 injured. For some time
shrieking and helpless persons were
pinned under the debris and the scene
was a most horrible one.

The station of Contich was converted
into a temporary morgue and hospital
and rapidly filled with the dead and
wounded. All clergy and physicians of
Contich and soldiers of neighboring
barracks are taking part in the work.
In addition to surgeons who hurried
down from Antwerp, an ambulance
corps from Amlens is also on the
scene.

It is now said the locomotive of the
express train jumped the track and
plunged into and completely wrecked
the last three passenger coaches of the
train on the siding. This train was
carrying an excursion of pilgrims to
a local shrine.

MURDERED IN ALLEY.
Body Found In Downtown Sec-
tion of Chicago.

Chicago, May 21.—Robert Holmes,
purchasing agent for the Common-
wealth Edison Electric company, was
found dead with supposed marks of
garroters on his neck and his face
black from strangulation in an alley
in the downtown district early Thurs-
day.

The body was found by an employee
of the street cleaning department and
identified by the contents of his pocket.
Not the smallest coin or slightest
article of jewelry was left on the
man's person. His pockets were turned
inside out, and besides the terrible
discoloration on his neck and face
there was a gaping wound in the skull,
made apparently by some blunt
weapon. The skull was fractured.

The body was taken to an undertak-
ing establishment and the police be-
gan to search for the assailants. The
examination of the body by a coroner's
physician revealed the man was not
strangled. There were no marks on
the throat. The only indication of vi-
olence on the body was a deep cut over
the left eye. The diamond stud, dia-
mond rings and cuff buttons were also
gone.

ROLLED DOWN EMBANKMENT.
Huge Touring Car Turns Turtle and
the Occupants Are Hurt.

South Bend, Ind., May 21.—Suddenly
becoming unmanageable, a big forty-
five-horse power touring car carrying
its owner, John C. Ellsworth, the chauff-
eur and a party of four, departed from
the Sumption Prairie road and
turning turtle, rolled down a steep
embankment, badly injuring the occu-
pants.

The following were injured: E. R.
Ellis, secretary of the American Trust
company, right arm broken; Samuel
Leeper, president of the American
Trust company, legs lacerated; Samuel
Good, real estate broker, nose broken;
Samuel Lentz, back sprained; John C.
Ellsworth, bruises on body; H. G.
Erard, chauffeur, right leg lacerated.

Left to Arbitrators.
Cleveland, O., May 21.—Apparently
the last obstacle in the way of a peace-
ful settlement of the pending street car
strike in this city was removed early
Thursday when the employees of the
old Forest City company, the original
3-cent fare line, agreed to leave se-
niority rights in the hands of arbitra-
tors. While many lawless acts
were perpetrated during Wednesday
night by strike sympathizers no persons
were seriously hurt. Half a dozen
cars were damaged by the explosion
of dynamite and one or two persons
slightly cut by broken window glasses.

Cold Wave In Panhandle.
Amarillo, May 21.—A cold wave
visited the Panhandle Thursday. At
this place the thermometer fell to 58
Texline reported 36 and Childress 55.

breeding service.

Colts to be judged fall of
1909 by Professor of Animal
Husbandry A. & M. College.

Dam to be showed with
colts so as to give everyone
an equal chance. If you have
any ready booked your
colts to see him and
he will stand at
\$12.50 for the
season.

AMUEL L. CLEMENS (MARK TWAIN) AND
HIS BIRTHPLACE

years and pay me for them whether
they sold them or not. It is at this
point that you, gentlemen, come in, for
it was your business to unload the
250,000 volumes on the public in five
years if you possibly could. Have
you succeeded? Yes you have—and
more. For in four years, with a year
still to spare, you have sold the 250-
000 volumes and 240,000 besides.

The story-teller then said he was
building a farm house with the pro-
ceeds, where he intends to take a va-
cation for thirty or forty years before
completing the five books he is now
engaged on.

TRAIN WRECKED.

**One Man Loses His Life and Four
Others Sustain Injuries.**

Oakland, Cal., May 21.—The second
section of the Southern Pacific train,
No. 16, known as the Oregon Express,
was wrecked at Pinole. One was
killed and four injured. The dead
man is Express Messenger Cummins.

Injured: Fireman Cody, fatally; R.
J. Ward, engineer, fatally; Express
Messenger Birmingham, crushed about
the chest, may recover; W. W. Rode-
horen, helper on express car, fractured
ankle.

The wreck, it is said, was caused
by a broken rail. The engine, express
and baggage car jumped the track and
turned over. Three passenger coaches
left the main line, but remained upright.
No passengers were injured.

Two Bishops Elected.
Baltimore, May 21.—Rev. W. R. An-
derson of New York and Rev. Dr. John
L. Nelson of Nass Theological semi-
nary at Berea, O., were elected bish-
ops of the Methodist church.

No Striking Features.
New York, May 21.—Stock market
at opening Thursday was quiet.

JNO. C. VICK MILLING
FEED, GRAIN
The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified
into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour
is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground mea
you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The
advantage in freshness and purity is obvious without further comment.
Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.
